The County EM is a contact to add to our plans. Also, he is requesting a copy of our Emergency Response Plan. Technically I'm sure we have to have such a document, but we have the essence of that in the HASPs. However, I want you two to work together to prepare the "ER Plan / Action Plan" - a shortened version of how to handle medical situations onsite, who to call, how to use the SAT phone, where to go for a Med Evac. This needs to include mine emergency: Contacts for SJMR entry plan and use of SCBAs. Who's going in, who's back-up, what monitoring, etc.

I see this as two sheets with very basic procedures. Matt did Mark Levin provide his HASP for underground yet ?

Thanks,
Steve

Hi Steve
Kimmert forwarded me your request for coordinates. You can add me to your emergency response plan. Do you have an emergency response plan for the project that you could share with us?
thanks
Jim
